Subject: Question re Smoky RTC

Hi Art, It might be easier to talk but I'm out of the office the rest of the week after today. I think I needed to get you our responses to the RTC by the end of the week. Is that correct or could we hold off until early next week so you and I can talk? Below are my couple of questions.

I am going through the responses and (b)(5)

so wondering what your thoughts are.

Another question- (b)(5)

Thanks!
Lynne
